Docker · SQL

LANGUAGES

Portuguese: Native

English: C1 (self-evaluation)

HOBBIES

Chess · Gym

MOST PROUD

🏆 **Chess Youth District Champion**
Braga, 2019 (U18)
Porto, 2021 (U20)

📘 **Excellence Student**
2012-2016
2018-2019

ABOUT ME

I'm a student deeply interested in software engineering subjects such as software architecture and development practices, but also in low level software, as seen in embedded systems. I strive to be good at what I am doing at the moment and enjoy to exceed expectations.

EXPERIENCE

Class Assistant | FEUP

📅 March 2022 – May 2023 📍 Porto, Portugal

- In-class teaching assistant for Computer Laboratory, a course focused on device drivers and C programming

Head of Projects | NIAEFEUP

📅 June 2021 – May 2023 📍 Porto, Portugal

- Member of the board concerned with the state of the branch projects
- Greatly contributed to the development of the *uni* mobile app and the new website
- Organized two editions of the flagship event *Semana de Informática*, first in the Informatics Department and then in the Program and CTF Departments

EDUCATION

Msc Informatics and Computing Engineering | FEUP

📅 September 2022 – September 2024 📍 Porto, Portugal

Bsc Informatics and Computing Engineering | FEUP

📅 September 2019 – July 2022 📍 Porto, Portugal

- Grade: 17 out of 20

PROJECTS

Camel | ○

📅 2022 – 2023

- Self-made chess engine written from scratch in Rust
